"If you forced me to pick the single most rewarding achievement in my long design career then I would not hesitate to say founding the Design Museum in London. It was a hugely important moment for design in the UK at the time and for me personally. Since 1989 the museum has always led the way and been the first to show some of the work and inspirations of many of the most important designers and architects on the planet."

— SIR TERENCE CONRAN, FOUNDER OF THE DESIGN MUSEUM
