DESIGN OVERTIME – late night events in July and September

I SPY ... IN THE STREET

FRIDAY 11 July UNTIL 10pm

LAST ADMISSION 9.15pm

Are you walking our way to celebrate the London Festival of Architecture this year? Learn about London past, present, future, and futuristic in a series of short drop in talks. Be inspired by the block buster show Richard Rogers + Partners – From the House to the City and help make a model utopian London cityscape. Purge yourself of your London secrets in the Design Overtime confessional, or just enjoy a drink, listen to some music and gaze at the view.

FESTIVAL

FRIDAY 19 SEPTEMBER UNTIL 10PM

LAST ADMISSION 9.15pm

Hey, let your hair down and relax, Design Overtime is in international festival mood. London, Vienna, Dessau, Paris, LA, Milan, Tokyo – everyone is talking DESIGN OVERTIME. See the Design Cities exhibition and see the world.

It will be a festive combination of bunting and banter. Join the 'This Happened' discussion to hear stories behind interaction design, review your favourite new product for the Design Overtime rag, or relax with a drink and a sing song at the (indoor) street party.

It's also a last chance to see Industrial Facility and Tim Walker exhibitions and a first chance to see the site specific installations of this year's Designers In Residence and hear them talk about their work.

For further information and images please contact the Press Office on 020 7940 8787 or email Ashley@designmuseum.org

Notes to Editors

Design Overtime provides a bi-monthly opportunity to view Design Museum exhibitions until 10pm (last admission 9.15pm) and encourages participation through workshops, activities and debates.

Lates is an ongoing festival presented by the Mayor of London celebrating London's dynamic cultural scene and highlighting the increasingly important contribution the city's arts organisations make to the late night economy and social scene. Working in partnership with the capital's major arts organisations, Lates promotes and curates evening and late night events aimed primarily at a 20 to 35 year old audience. All Lates events are inspired by the presenting organisations' collections, exhibitions and work. Lates events are promoted year round with the major Lates festival taking place in June. For more details go to lates.org.
